

Service Reflection Sheet

As part of our Baptism, we are called to serve others. Each student 6th grade through 8th grade needs to fill out one Service Reflection Form once the Service Hours are completed. This needs to be done after time of reflection on the services performed, how it brings Jesus into the student's life and the world. **The reflection should include total number of hours for each service, what service/s was performed, what the student learned about herself/himself and how did it make him/her feel and God's plan for them in each category.**

6th grade students have minimum of 15 service hours required, 5 hours in each category.
7th grade students have a minimum of 21 service hours required, 7 hours in each category.
8th grade students have a minimum of 30 service hours required, 10 in each category.
The three categories are **Parish** service, **Family** service and **Community** service.
